WORK EXPERIENCE

Web Design and App Development 2020 - Present

Self taught

Website design for personal case studies using Adobe XD for wireframes and prototypes. UX learning course with Accenture Future Skills - certificate obtained. Learning HTML & CSS via freeCodeCamp.org on YouTube. AR tablet app developed for Rheumatosphere as part of Master's thesis. This included 3d modelling, animation and augmented reality.

High-Cost Drug Coordinator 2021 - Present

Kingston Foundation Trust Hospital | KT2 7QB

Maintain dermatology funding database and apply for funding for patients on a biologic treatment. Attend to patient queries and solve prescription-based problems. Liaise with internal departments and external agencies.

Pharmacy Invoicing Clerk 2020 - 2021

Kingston Foundation Trust Hospital | KT2 7QB

Use attention to detail for checking and processing pharmacy invoices. Liaise with pharmaceutical companies concerning invoice queries.

Pharmacy Assistant | Clinic Manager 2017 - 2018

Kingston Foundation Trust Hospital | KT2 7QB

Pharmacy Assistant role included: maintaining the general organisation of the pharmacy by ordering and storing the medications. Preparing prescriptions for the pharmacist to dispense.

Clinic Manager role included: ensuring the smooth running of the clinic via providing the GPs with what they required for their clinics, and being the first point of contact for the patients.
